

Ormesby Village Junior School

School Sports Funding Action Plan – 2019-20

Total Grant Received - £16760

Action	Estimated Costings	When	Who	Intended outcomes for pupils	Intended outcomes for staff	Impact
Gymnastics coaching	£3000	One two hour session weekly – rota basis for each class	Donald Carr	Pupils across the school continue to build progressively on skills already learned from the previous year. Pupils benefit from expert coaching and have the opportunity to enter local gymnastics competitions.	Staff continue to have regular opportunities to learn progressive gymnastic steps for KS2. They are further up-skilled to teach gymnastics when required.	Pupils continue to develop basic early gymnastic skills across all year groups. This includes using correct terminology. Unfortunately lessons stopped in the summer term 2020 as schools were not allowed to use external coaches in Norfolk.

Interschool competitions	£500 for coach travel/overtime costs	As and when organised. These may include football tournaments/netball tournaments/swimming galas/cross-country competitions/multi-skills events.	P.E. leader John Pamplin	Pupils enjoy a range of competitive sports and understand that there is huge enjoyment in taking part, either individually or as part of a team. They also learn to win and lose gracefully and can refine their performance after comparison with others.	Staff have the opportunity to compare our school's performance with other settings and improve on our areas for development and develop sporting behaviours in the pupils.	Due to lock down in the summer term no inter-school events took place after March 2020. Some football fixtures were enjoyed in the Autumn term.
Premier Sport 'Stay Active' Clubs	As below	Two lunchtimes each week open to all pupils	Premier Sport	Pupils enjoy a range of activities and lunchtime break is more structured for them. They can practise a range of skills.	Staff benefit from improved concentration levels in the classroom in the afternoons.	Pupils who take part really enjoy these sessions, but a majority of pupils choose not to join the sessions. We need to offer a wider variety of events which may appeal to more pupils.
Premier Sport P.E. curriculum	£10500	Two afternoons each week – at least a session for each class on a rota basis	Premier Sport	Pupils' enjoyment of physical activity increases because they can take part in a wide range of different sports – e.g.	Staff are up-skilled in a wide range of sporting	As above, no teaching from Premier sport happened in

				dance/football/rugby/cricket/multi-sports/athletics/archery	activities. They are supported in assessing pupils' skills and progress by Premier Sport's on-line assessment tool.	the summer term. Pupils continue to enjoy a range of sports and are routinely encouraged to reflect on their weekly performance and how they have improved their skills.
After school clubs	£2000	Additional activities after school – boys' football, girls' football, racket sports, netball, athletics	John Pamplin Bethany Doran	A range of additional clubs draw in more pupils who become more active and learn to enjoy a range of sporting activities.	N/A	Pupils really enjoy these clubs. However, early in the year 'football behaviour' from some older pupils resulted in sessions being ended early. Pupils were able to reflect on this and sessions were re-started, with

						much improved attitudes.
New resources	£1650	On-going	P.E. leader	Pupils continue to have access to a wide range of quality P.E. equipment, developing individual skills and co-operation with others.	Pupils' behaviour for learning improves because they enjoy positive playtimes with lots of exercise and co-operation with friends.	Equipment is regularly refreshed and pupils enjoy using it at playtimes.
